SUBJECT: WESTHILL CENTRAL SCHOOL CODE OF CONDUCT

I. INTRODUCTION

The Westhill Central School District Board of Education ("Board") is committed to providing a safe and orderly learning environment where students may receive, and Westhill Central School personnel may deliver, quality educational services without disruption or interference. Responsible behavior by students, teachers, other Westhill Central School personnel, parents and other visitors is essential to achieving this goal.

Westhill Central School has a long-standing set of expectations for conduct on school property and at its functions. These expectations are based on the principles of civility, mutual respect, citizenship, character, tolerance, honesty, integrity, and the belief in the educational goals of the organization.

The Board recognizes the need to clearly define these expectations for acceptable conduct on Westhill Central School property, identify the possible consequences of unacceptable behavior, and to ensure that discipline, when necessary, is administered promptly and fairly. To this end, the Board adopts this Code of Conduct ("code").

Unless otherwise indicated, this code applies to all students, school personnel, parents and other visitors when on Westhill Central School property or attending a Westhill Central School function. Additionally, the district has the legal authority and reserves the right to discipline students for “off-campus conduct” (i.e., conduct that occurs off school property) which endangers the safety, morals, health or welfare of others within the educational system or which adversely affects the educative process. The district also has the legal authority and reserves the right to discipline students for off-campus speech that actually causes, or is reasonably forecast as being likely to cause a material and substantial disruption to the work and/or discipline of the school.

VI. BEHAVIORAL EXPECTATIONS AND DISCIPLINARY PROCEDURES BY SCHOOL

INTRODUCTION

The Board of Education expects students to conduct themselves in an appropriate and civil manner, with proper regard for the rights and welfare of other students, Westhill
SUBJECT: WESTHILL CENTRAL SCHOOL CODE OF CONDUCT

Central School personnel and other members of the educational community, and for the care of Westhill Central School facilities and equipment.

The best discipline is self-imposed, and students must learn to assume and accept responsibility for their own behavior, as well as the consequences of their misbehavior. Westhill Central School personnel who interact with students are expected to use disciplinary action only when necessary and to place emphasis on the students' ability to grow in self-discipline.

The Board recognizes the need to make its expectations for student conduct while on Westhill Central School property or engaged in a Westhill Central School-sponsored function specific and clear. The rules of conduct listed in the following sections are intended to do that and focus on safety and respect for the rights and property of others. Students who will not accept responsibility for their own behavior and who violate these rules will be required to accept the penalties for their conduct.

As will be evident in the following sections, our expectations for all district students are based on respect and civility, and upon our intention that the abilities of our staff and students to perform their respective educational duties are not to be impaired in any way by student misbehavior. The specific rules, and the penalties for particular violations, are not the same among the schools. However, these sets of expectations demonstrate that, as students grow older, it is anticipated that they will show a higher degree of self-discipline and maturity; consequences thus become more severe for students in the higher grades. In addition, and as a general rule, discipline will be progressive. In other words, a student's subsequent similar violations will usually merit a stiffer penalty than the first violation.

Among the determinants, therefore, of the consequence to be imposed for any violation of this code are: the student's age; the nature of the offense and the circumstances which led to the offense; the student’s prior disciplinary record; the effectiveness of other forms of discipline; information from parents, teachers and/or others, as appropriate; and other extenuating circumstances.

If the conduct of a student is related to a disability or suspected disability, the student may be referred to the Committee on Special Education and discipline, if warranted, shall be administered consistent with the separate requirements of this code of conduct for disciplining students with a disability. A student identified as having a disability shall not be disciplined for behavior related to his/her disability.

WALBERTA PARK SCHOOL

At Walberta Park School, a proactive approach to student conduct is used. A number of opportunities, both in the classroom and school-wide, are provided to teach children appropriate behaviors. This is done through modeling, and follow-through is provided through positive reinforcement of appropriate behaviors. Our character education program promotes respectful, responsible, and cooperative actions and is exemplified through the Responsive Classroom philosophy.

It is important that a code of conduct is understood by students to enable them to practice the desired behaviors. Therefore, the following "Walberta Promise" was established as the code for our primary school. The promise is recited daily and is communicated clearly to students and their parents/guardians. Parents are expected to take an active role in setting the expectations for their children along with our Walberta Park Staff.

The Walberta Promise

I promise...
1. to do my best to learn and to help others learn.
2. not to hurt others on the inside or the outside.
3. to be respectful and responsible.

Consequences

At the primary level, consequences for inappropriate behavior will include the following:
• verbal reminders

SUBJECT: WESTHILL CENTRAL SCHOOL CODE OF CONDUCT

- sitting in a time out area
- loss of a privilege
- apologies in verbal or written form
- notification of parents
- conference with the principal
- implementation of a behavior modification program
- suspension from school

The selection of the appropriate consequence will include consideration of the following:
- consistency of the inappropriate behavior
- nature of the inappropriate behavior
- circumstances leading to the inappropriate behavior
- age-appropriateness of the behavior
- pertinent information from parents and school personnel
- extent to which prior consequences have been effective
- extent to which the inappropriate behavior interfered with the safety, learning and property of others.
- extent to which the intended harm is deliberate and/or fits the district definition of bullying/cyber bulling

CHERRY ROAD SCHOOL

The Cherry Road School Code of Conduct is an outgrowth of our Character Education Program entitled “WE CARE: We Explore, Character, Accepting Responsibility and Excellence.” The cornerstone of this is the “I Care Pledge” which is recited at the beginning of each day. The pledge helps students to learn what good citizenship is, the expectations of behavior at Cherry Road School, and how to become people of good character who will choose to “Do the Right Thing.”

I CARE PLEDGE
I promise to be respectful, trustworthy, and fair.
I will care about others and be a good citizen.
I will take responsibility for my actions and work to the best of my ability.
I make this pledge to my family, friends, teachers and myself.
I CARE!

Continued
SUBJECT: WESTHILL CENTRAL SCHOOL CODE OF CONDUCT

At Cherry Road School, the aspects of this pledge are directly taught in the opening days of school, and are reinforced each and every day throughout the year. We use a common language that is direct, matter of fact, empowering, and positive. Phrases such as, “At Cherry Road School . . .,” “What does it look like or sound like . . .,” “You know the right thing to do. Do the right thing.” And “Show me what you should be doing” are all part of our common, shared language. In addition, students and teachers sign the “At Cherry Road School” poster and bring the signed copy with the class when they travel to specials, recess, lunch, assemblies, and on the school bus as a means of reinforcing the expected standard of behavior in all aspects of the school day. Teaching of the character traits focuses on what the trait looks like and sounds like throughout the day in various settings. At this level, parents are expected to take an active role in reinforcing these traits in their children.

Consequences are given with consideration to situational circumstances and are usually accompanied with time provided for students to analyze how he/she could have made a better choice in actions or words. Some behaviors may circumvent lower-level consequences to correct, and are at the discretion of the principal.

Logical consequences may include:

- verbal reminders
- take a break from class activity
- peer conference, with adult guidance
- written and/or verbal apology
- loss of recess privileges
- student writes letter home
- notification of parents
- conference with principal
- implementation of a behavior modification contract
- assignment to an in-school suspension
- suspension from school

Expectations At Cherry Road School

The notification may be made by telephone, followed by a letter mailed on same day as the telephone call is made. The notification must identify the student(s) and explain the conduct that constituted a crime.

VIii. Teacher Disciplinary Removal of Disruptive and/or Violent Students

Student Removal (Education Law 3214 (3-a))

In accordance with Education Law 3214, teachers in the Westhill School District shall be provided with the authority to remove from their classrooms both disruptive and violent students. Student removals will be consistent with other disciplinary measures prescribed in this code of conduct.

Disruptive and Violent Students

The definitions of “disruptive” and “violent” students are set forth in Section II of this code.

Teacher’s Role in Removing Students From Class

If a teacher determines that a student presents a danger or an ongoing threat of disruption to the academic process, that teacher may remove the student from class immediately. The student should be sent to the office. Within twenty-four hours of removal, but preferably before the end of the day, the teacher must explain to the student in the presence of an administrator or designee, the reason for removal and provide an opportunity for the student to present his or her version of the events.

A violent or substantially disruptive student may be removed from class immediately. The principal and/or superintendent must be notified. A student that does not pose an immediate danger or ongoing threat of disruption to the academic process, but who violates the code of conduct, may also be removed from class by the teacher. However, two conditions must be met prior to the removal. The teacher must provide the student with a brief explanation of why he or she is being removed and the student must be given the opportunity to present his or her version of the event.

Within twenty-four hours of a student having been removed from a class, a school administrator must notify parents about the removal and the reasons for the removal. A phone call and follow up letter is recommended.
Parents may then request an informal conference with the principal to discuss the reasons for removal. This informal conference must take place within forty-eight hours of the student’s removal. The teacher’s presence at the meeting is strongly encouraged. The principal must make a determination by the close of business on the day following the informal conference to either uphold the removal or return the student to class.

A principal has only four grounds upon which to overturn student removals. They are: a lack of substantial evidence; noncompliance with the law; inconsistency with the code of conduct; or when the conduct warrants suspension. Teachers do not determine the length of student removals. If the principal upholds a removal, its duration is determined by the code of conduct. Removing students for more than five days, because it constitutes a suspension, requires a formal hearing. Only principals, superintendents, and school boards have the authority to suspend students.

Students who have been removed from class will continue to receive educational programming. The teacher will coordinate that process in a location and manner determined by building administration.

Nothing in the removal from class process abridges the customary right and responsibility of teachers to manage student behavior in their classrooms. Short-term, time-honored classroom management techniques such as “time out” in an alternate location or in an administrator’s office, are not considered removals from class within the context of this code.

The removal of special education students from classrooms must be consistent with state and federal regulations. For example, suspensions or removals from class for a period exceeding ten days would constitute an illegal change of placement unless an appropriate hearing was held. During periods of removal from class, special education students will continue to receive the designated level of appropriate education required by law and designated on their IEP.

IX. SUSPENSION FROM SCHOOL

Suspension from school is a severe penalty, which may be imposed only upon students who are insubordinate, disorderly, violent or disruptive, or whose conduct otherwise endangers the safety, morals, health or welfare of others. The Board retains its

Continued
SUBJECT: WESTHILL CENTRAL SCHOOL CODE OF CONDUCT

authority to suspend students, but places primary responsibility for the suspension of students with the Superintendent and the Building Principals.

All staff members must immediately report and refer a violent student to the Principal or the Superintendent for a violation of the code of conduct. All referrals shall be made in writing unless the conditions underlying the referral warrant immediate attention. In such cases a written report is to be prepared as soon as possible by the staff member.

The Superintendent or Principal, when processing a case for suspension, shall gather the facts relevant to the matter and record them for subsequent presentation, if necessary.

A. SHORT-TERM (FIVE DAYS OR LESS) SUSPENSION FROM SCHOOL

When the Superintendent or Principal (referred to as the "suspending authority") proposes to suspend a student charged with misconduct for five days or less pursuant to Education Law §3214(3), the suspending authority must immediately notify the student orally. If the student denies the misconduct, the suspending authority must provide an explanation of the basis for the proposed suspension. The suspending authority must also notify the student's parents in writing that the student may be suspended from school. The written notice must be provided by personal delivery, express mail delivery, or some other means that is reasonably calculated to assure receipt of the notice within 24 hours of the decision to propose suspension at the last known address for the parents. Where possible, notice should also be provided by telephone if Westhill Central School has been provided with a telephone number(s) for the purpose of contacting the parents.

The notice shall provide a description of the charges against the student and the incident for which suspension is proposed and shall inform the parent of the right to request an immediate informal conference with the Principal at which the parent and the student who is subject to discipline shall be afforded the opportunity to explain their version of the events and to question the complaining witnesses against the student. Both the notice and informal conference shall be in the dominant language or mode of communication used by the parents. At the conference, the parents shall be permitted to ask questions of complaining witnesses under such procedures as the Principal may establish. The notice and opportunity for an informal conference shall

Continued
SUBJECT: WESTHILL CENTRAL SCHOOL CODE OF CONDUCT

take place before the student is suspended unless the student’s presence in
school poses a continuing danger to persons or property or an ongoing threat
of disruption to the academic process. If the student's presence does pose such
a danger or threat of disruption, the notice and opportunity for an informal
conference shall take place as soon after the suspension as is reasonably
practical.

After the conference, the Principal shall promptly advise the parents in
writing of his or her decision. The Principal shall advise the parents that if
they are not satisfied with the decision and wish to pursue the matter, they
must appeal to the Superintendent of Schools, who shall sustain or reverse the
Principal’s decision within five (5) business days. If the parents are
unsatisfied with the Superintendent’s determination, they must appeal to the
Board of Education by filing a written appeal with the District Clerk within
30 calendar days from the date of the Superintendent’s final decision, unless
they can show extraordinary circumstances precluding them from doing so.

Only final decisions of the Board may be appealed to the Commissioner of
Education. A parent who chooses to exercise his/her right to appeal to the
Commissioner, must commence the appeal within 30 days from the Board’s
final decision.

B. LONG-TERM (MORE THAN FIVE DAYS) SUSPENSION FROM
SCHOOL

When the Superintendent or Building Principal determines that a suspension
for more than five days may be warranted, he or she shall give reasonable
notice to the student and the student's parents of their right to a fair hearing.
At the hearing the student shall have the right to be represented by counsel,
the right to question witnesses against him or her and the right to present
witnesses and other evidence on his or her behalf.

The Superintendent shall personally hear and determine the proceeding or
may, in his or her discretion, designate a hearing officer to conduct the
hearing. The hearing officer shall be authorized to administer oaths, and to

issue subpoenas in conjunction with the proceeding before him or her. A record of the hearing shall be maintained, but no stenographic transcript shall be required. A tape recording shall be deemed a satisfactory record. The hearing officer shall make findings of fact and recommendations, as to the appropriate measure of discipline to the Superintendent. The report of the hearing officer shall be advisory only, and the Superintendent may accept all or any part thereof.

An appeal of the decision of the Superintendent may be made to the Board that will make its decision based solely upon the record before it. All appeals to the Board must be in writing and submitted to the District Clerk within 30 calendar days from the date of the Superintendent’s decision, unless the parents can show that extraordinary circumstances precluded them from doing so. The Board may adopt in whole or in part the decision of the Superintendent. Final decisions of the Board may be appealed to the Commissioner of Education. A parent who chooses to exercise his/her right to appeal to the Commissioner, must commence the appeal within 30 days from the Board’s final decision.

C. PERMANENT SUSPENSION

Permanent suspension is reserved for extraordinary circumstances such as where a student’s conduct poses a life-threatening danger to the safety and well-being of other students, Westhill Central School personnel or any other person lawfully on Westhill Central School property or attending a Westhill Central School function.

D. SELECTED MINIMUM PERIODS OF SUSPENSION

1. Students who bring a weapon to Westhill Central School property or functions

Any student, other than a student with a disability, found guilty of bringing a weapon onto Westhill Central School property will be subject to suspension from Westhill Central School programs for at least one calendar year. Before being suspended, the student will have an opportunity for a hearing pursuant to Education Law.

Continued
§3214. The Superintendent has the authority to modify the one-year suspension on a case-by-case basis.

The Superintendent is required to refer the following students to the County Attorney (or the county presentment agency if not the county attorney) for a juvenile delinquency proceeding before the Family Court:

a. Any student under the age of 16 who is found to have brought a weapon or firearm to school, except a student 14 or 15 years old who qualifies for juvenile offender status under the Criminal Procedure Law.

b. The Superintendent shall refer any pupil 16 years of age or older or a student 14 or 15 years old who qualifies for juvenile offender status under the Criminal Procedure Law, who has been determined to have brought a weapon to school, to the appropriate law enforcement officials.

A student with a disability may be suspended only in accordance with the requirements of state and federal law.

2. Students who commit violent acts other than bringing a weapon to school.

Any student, other than a student with a disability, who is found to have committed a violent act, other than bringing a weapon onto school property, shall be subject to suspension from school for a minimum of five days. If the proposed penalty is the minimum five-day suspension, the student and the student's parent will be given the same notice and opportunity for a hearing given to all students subject to a short-term suspension. If the proposed penalty exceeds the minimum five-day suspension, the student and the student’s parent will be given the same notice and opportunity for a hearing given to all students subject to a long-term suspension. The Superintendent has the authority to modify the minimum five-day suspension on a case-by-case basis. In
SUBJECT: WESTHILL CENTRAL SCHOOL CODE OF CONDUCT

deciding whether to modify the penalty, the Superintendent may
consider the same factors considered in modifying a one-year
suspension for possessing a weapon.

3. Disruptive Students – any student who is “repeatedly and substantially
disruptive of the educational process or substantially interferes with a
teacher’s authority over the classroom” shall be suspended from school for a
period of not less than one day, subject to modification on a case-by-case
basis.

E. ALTERNATIVE INSTRUCTION

When a student of any age is removed from class by a teacher or a student of
compulsory attendance age is suspended from school pursuant to Education
Law §3214, Westhill Central School will take immediate steps to provide
alternative means of instruction for the student. In addition, alternative
instruction will be made available to any student over the compulsory
attendance age who presents a sincere desire to complete his/her high school
education.

X. PINS PETITIONS/PINS DIVERSION

The District may file a PINS (Person In Need of Supervision) petition in Family
Court with respect to any student under the age of 18 who:

a) Is habitually truant and not attending school as required by part one of Article
65 of the Education Law;

b) Engages in an ongoing or continual course of conduct which makes the student
incorrigible, ungovernable, or habitually disobedient and beyond the lawful
control of the student’s parents and/or the District;

c) Knowingly and unlawfully possessing marijuana in violation of Penal Law §
221.05 or engages in prostitution in violation of Penal Law §230; or

d) Appears to be a sexually exploited child as defined in paragraph (a), (c) or
(d) of subdivision one of Section 447-a of the Social Services Law (as for
example by being a victim of sex trafficking, prostitution, or compelled
prostitution).

SUBJECT: WESTHILL CENTRAL SCHOOL CODE OF CONDUCT

Alternatively, the District may participate in PINS "diversion services" in accordance with applicable law for the purpose of avoiding the need to file a petition.

XI. DISCIPLINE OF STUDENTS WITH DISABILITIES

The Board of Education recognizes that it may be necessary to suspend, remove or otherwise discipline students with disabilities to address disruptive or problem behavior. The Board also recognizes that students with disabilities enjoy certain procedural protections whenever Westhill Central School authorities intend to impose discipline upon them. The Board is committed to ensuring that the procedures followed for suspending, removing or otherwise disciplining students with disabilities are consistent with the procedural safeguards required by applicable laws and regulations.

This code of conduct affords students with disabilities subject to disciplinary action no greater or lesser rights than those expressly afforded by applicable federal and state law and regulations.

A. Authorized Suspensions or Removals of Students with Disabilities

1. For purposes of this section of the code of conduct, the following definitions apply:

   a. A "suspension" means a suspension pursuant to Education Law § 3214.

   b. A "removal" means a removal for disciplinary reasons from the student’s current educational placement other than a suspension and change in placement to an interim alternative educational setting (IAES) ordered by an impartial hearing officer because the student poses a risk of harm to himself/herself or others.

   c. An "IAES" means a temporary educational placement for a period of up to 45 days, other than the student's current placement at the time the behavior precipitating the IAES placement occurred, that enables the student to continue to progress in the general curriculum, although in another setting, to continue to receive those services and modifications,
SUBJECT: WESTHILL CENTRAL SCHOOL CODE OF CONDUCT

including those described on the student's current individualized education program (IEP), that will enable the student to meet the goals set out in such IEP, and include services and modifications to address the behavior which precipitated the IAES placement that are designed to prevent the behavior from recurring.

2. School personnel may order the suspension or removal of a student with a disability from his or her current educational placement as follows:

a. The Board, the District (Westhill Central School) Superintendent of Schools or a Building Principal delegated the authority to suspend students may order the placement of a student with a disability into an IAES, another setting or suspension for a period not to exceed five consecutive school days and not to exceed the amount of time a non-disabled student would be subject to suspension for the same behavior.

b. The Superintendent may order the placement of a student with a disability into an IAES, another setting or suspension for up to 10 consecutive school days, inclusive of any period in which the student has been suspended or removed under subparagraph (a) above for the same behavior, if the Superintendent determines that the student has engaged in behavior that warrants a suspension and the suspension or removal does not exceed the amount of time non-disabled students would be subject to suspension for the same behavior.

c. The Superintendent may order additional suspensions of not more than 10 consecutive school days in the same school year for separate incidents of misconduct, as long as those removals do not constitute a change of placement.

d. The Superintendent may order the placement of a student with a disability in an IAES to be determined by the Committee on Special Education (CSE), for the same amount of time that a student without a disability would be subject to discipline, but

Continued
SUBJECT: WESTHILL CENTRAL SCHOOL CODE OF CONDUCT

not more than 45 days, if the student carries or possesses a weapon to school or to a school function, or the student knowingly possesses or uses illegal drugs or sells or solicits the sale of a controlled substance while at school or a school function.

(1) "Weapon" means the same as "dangerous weapon" under 18 U.S.C. §930(g)(w) which includes "a weapon, device, instrument, material or substance, animate or inanimate, that is used for, or is readily capable of causing death or serious bodily injury, except ... [for] a pocket knife with a blade of less than 2 1/2 inches in length."

(2) "Controlled substance" means a drug or other substance identified in certain provisions of the federal Controlled Substances Act specified in both federal and state law and regulations applicable to this policy.

(3) "Illegal drugs" means a controlled substance except for those legally possessed or used under the supervision of a licensed health-care professional or that is legally possessed or used under any other authority under the Controlled Substances Act or any other federal law.

3. Subject to specified conditions required by both federal and state law and regulations, an impartial hearing officer may order the placement of a student with a disability in an IAES setting for up to 45 days at a time, if maintaining the student in his or her current educational placement poses a risk of harm to the student or others.

B. CHANGE OF PLACEMENT RULE

1. A disciplinary change in placement means a suspension or removal from a student's current educational placement that is either:

   a. for more than 10 consecutive school days; or

   b. for a period of 10 consecutive school days or less if the student is subjected to a series of suspensions or removals that constitute a pattern because they cumulate to more than 10 school days in a school year and because of such factors as the length of each

Continued
suspension or removal, the total time the student is removed and the proximity of the suspensions or removals to one another.

2. School personnel may not suspend or remove a student with disabilities if imposition of the suspension or removal would result in a disciplinary change in placement based on a pattern of suspension or removal. However, the district may impose a suspension or removal, which would otherwise result in a disciplinary change in placement, based on a pattern of suspensions or removals if the CSE has determined that the behavior was not a manifestation of the student's disability, or the student is placed in an IAES for behavior involving weapons, illegal drugs or controlled substances.

C. SPECIAL RULES REGARDING THE SUSPENSION OR REMOVAL OF STUDENTS WITH DISABILITIES

1. The district's Committee on Special Education shall:

   a. conduct functional behavioral assessments to determine why a student engages in a particular behavior, and develop or review behavioral intervention plans whenever the district is first suspending or removing a student with a disability for more than 10 school days in a school year or imposing a suspension or removal that constitutes a disciplinary change in placement, including a change in placement to an IAES for misconduct involving weapons, illegal drugs or controlled substances.

   If subsequently, a student with a disability who has a behavioral intervention plan and who has been suspended or removed from his or her current educational placement for more than 10 school days in a school year is subjected to a suspension or removal that does not constitute a disciplinary change in placement, the members of the CSE shall review the behavioral intervention plan and its implementation to determine if modifications are necessary.

   If one or more members of the CSE believe that modifications are needed, the school district shall convene a meeting of the CSE to
modify such plan and its implementation, to the extent the committee determines necessary.

b. conduct a manifestation determination review of the relationship between the student's disability and the behavior subject to disciplinary action whenever a decision is made to place a student in an IAES either for misconduct involving weapons, illegal drugs or controlled substances or because maintaining the student in his current educational setting poses a risk of harm to the student or others; or a decision is made to impose a suspension that constitutes a disciplinary change in placement.

2. The parents of a student who is facing disciplinary action, but who has not been determined to be eligible for services under IDEA and Article 89 at the time of misconduct, shall have the right to invoke applicable procedural safeguards set forth in federal and state law and regulations if, in accordance with federal and state statutory and regulatory criteria, the school district is deemed to have had knowledge that their child was a student with a disability before the behavior precipitating disciplinary action occurred. If the district is deemed to have had such knowledge, the student will be considered a student presumed to have a disability for discipline purposes.

a. The Superintendent, Building Principal or other school official imposing a suspension or removal shall be responsible for determining whether the student is a student presumed to have a disability.

b. A student will not be considered a student presumed to have a disability for discipline purposes if, upon receipt of information supporting a claim that the district had knowledge the student was a student with a disability, the district either:

(1) conducted an individual evaluation and determined that the student is not a student with a disability, or

(2) determined that an evaluation was not necessary and provided notice to the parents of such determination, in the manner required by applicable law and regulations.
If there is no basis for knowledge that the student is a student with a disability prior to taking disciplinary measures against the student, the student may be subjected to the same disciplinary measures as any other non-disabled student who engaged in comparable behaviors.

However, if a request for an individual evaluation is made while such non-disabled student is subjected to a disciplinary removal, an expedited evaluation shall be conducted and completed in the manner prescribed by applicable federal and state law and regulations. Until the expedited evaluation is completed, the non-disabled student who is not a student presumed to have a disability for discipline purposes shall remain in the educational placement determined by the district, which can include suspension.

3. Westhill Central School shall provide parents with notice of disciplinary removal no later than the date on which a decision is made to change the placement of a student with a disability to an IAES for either misconduct involving weapons, illegal drugs or controlled substances or because maintaining the student in his/her current educational setting poses a risk of harm to the student or others; or a decision is made to impose a suspension or removal that constitutes a disciplinary change in placement.

The procedural safeguards notice prescribed by the Commissioner of Education shall accompany the notice of disciplinary removal.

4. The parents of a student with disabilities subject to a suspension of five consecutive school days or less shall be provided with the same opportunity for an informal conference available to parents of non-disabled students under the Education Law.

5. Superintendent hearings on disciplinary charges against students with disabilities subject to a suspension of more than five school days shall be bifurcated into a guilt phase and a penalty phase in accordance with the procedures set forth in the Regulations of the Commissioner of Education incorporated into this policy.

6. The removal of a student with disabilities other than a suspension or placement in an IAES shall be conducted in accordance with the due process procedures applicable to such removals of non-disabled students, except that school personnel may not impose such removal for more than 10

Continued
SUBJECT: WESTHILL CENTRAL SCHOOL CODE OF CONDUCT

consecutive days or for a period that would result in a disciplinary change in placement, unless the CSE has determined that the behavior is not a manifestation of the student's disability.

7. During, any period of suspension or removal, including placement in an IAES, students with disabilities shall be provided services as required by the Regulations of the Commissioner of Education incorporated into this policy.

D. EXPEDITED DUE PROCESS HEARINGS

1. An expedited due process hearing shall be conducted in the manner specified by the Regulations of the Commissioner of Education incorporated into this policy, if:

   a. Westhill Central School requests such a hearing to obtain an order of an impartial hearing officer placing a student with a disability in an IAES where school personnel maintain that it is dangerous for the student to be in his or her current educational placement, or during the pendency of due process hearings where Westhill Central School personnel maintain that it is dangerous for the student to be in his or her current educational placement during such proceedings.

   b. The parent requests such a hearing from a determination that the student's behavior was not a manifestation of the student's disability, or relating to any decision regarding placement, including but not limited to any decision to place the student in an IAES.

   (1) During the pendency of an expedited due process hearing or appeal regarding the placement of a student in an IAES for behavior involving weapons, illegal drugs or controlled substances, or on grounds of dangerousness, or regarding a determination that the behavior is not a manifestation of the student's disability for a student who has been placed in an IAES, the student shall remain in the IAES pending the decision of the impartial hearing officer or until expiration of

Continued
SUBJECT: WESTHILL CENTRAL SCHOOL CODE OF CONDUCT

the IAES placement, whichever occurs first, unless the parents and Westhill Central School agree otherwise.

(2) If Westhill Central School personnel propose to change the student's placement after expiration of an IAES placement, during the pendency of any proceeding to challenge the proposed change in placement, the student shall remain in the placement prior to removal to the IAES, except where the student is again placed in an IAES.

2. An expedited due process hearing shall be completed within 15 business days of receipt of the request for a hearing. Although the impartial hearing officer may grant specific extensions of such time period, he or she must mail a written decision to the district and the parents within five business days after the last hearing date, and in no event later than 45 calendar days after receipt of the request for a hearing, without exceptions or extensions.

E. REFERRAL TO LAW ENFORCEMENT AND JUDICIAL AUTHORITIES

In accordance with the provisions of IDEA and its implementing regulations:

1. The district may report a crime committed by a child with a disability to appropriate authorities, and such action will not constitute a change of the student's placement.

2. The Superintendent shall ensure that copies of the special education and disciplinary records of a student with disabilities are transmitted for consideration to the appropriate authorities to whom a crime is reported.

XII. CORPORAL PUNISHMENT

Corporal punishment is any act of physical force upon a student for the purpose of punishing that student. Corporal punishment of any student by any district employee is strictly forbidden.

However, in situations where alternative procedures and methods that do not involve the use of physical force cannot reasonably be used, reasonable physical force may be used to:
SUBJECT: WESTHILL CENTRAL SCHOOL CODE OF CONDUCT

1. Protect oneself, another student, teacher or any person from physical injury.

2. Protect the property of Westhill Central School or others.

3. Restrain or remove a student whose behavior interferes with the orderly exercise and performance of a Westhill staff member's functions, powers and duties, if that student has refused to refrain from further disruptive acts.

Whenever a school employee uses physical force against a student, the employee shall, within that same school day, make a report to the Superintendent, describing in detail the circumstances and the nature of the action taken.

The district will file all complaints about the use of corporal punishment with the Commissioner of Education in accordance with commissioner's regulations.

XIII. STUDENT SEARCHES AND INTERROGATIONS

The Board of Education is committed to ensuring an atmosphere on Westhill Central School property and at Westhill Central School functions that is safe and orderly. To achieve this kind of environment, any school official authorized to impose a disciplinary penalty on a student may question a student about an alleged violation of law or the district code of conduct. Students are not entitled to any sort of Miranda-type warning before being questioned by Westhill Central School officials, nor are Westhill Central School officials required to contact a student's parent before questioning the student. However, Westhill Central School officials will tell all students why they are being questioned.

In addition, the Board authorizes Westhill Central School nurses, administrators, and teachers to conduct searches of students and their belongings if the authorized Westhill Central School official has reasonable suspicion to believe that the search will result in evidence that the student violated the law or the district code of conduct. An authorized Westhill Central School official may conduct a search of a student's belongings that is minimally intrusive, such as touching the outside of a book bag, without individualized suspicion, so long as the Westhill Central School official has a legitimate reason for the very limited search.

An authorized Westhill Central School official may search a student or the student's belongings based upon information received from a reliable informant. Individuals, other

Continued
than the Westhill Central School employees, will be considered reliable informants if they have previously supplied information that was accurate and verified, they make an admission against their own interest, they provide the same information that is received independently from other sources, or they appear to be credible and the information they are communicating relates to an immediate threat to safety. Westhill Central School employees will be considered reliable informants unless they are known to have previously supplied information that they knew was not accurate.

Before searching a student or the student's belongings, the authorized Westhill Central School official should attempt to get the student to admit that he or she possesses physical evidence that they violated the law or the district code, or get the student to voluntarily consent to the search. Searches will be limited to the extent necessary to locate the evidence sought.

Whenever practicable, searches will be conducted in the privacy of administrative offices and students will be present when their possessions are being searched.

A. STUDENT LOCKERS, DESKS AND OTHER SCHOOL STORAGE PLACES

The rules in this code of conduct regarding searches of students and their belongings do not apply to student lockers, desks and other school storage places. Students have no reasonable expectation of privacy with respect to these places and Westhill Central School officials retain complete control over them. This means that student lockers, desks and other Westhill Central School storage places may be subject to search at any time by Westhill Central School officials, without prior notice to students and without their consent.

B. DOCUMENTATION OF SEARCHES

The official performing the search shall be responsible for promptly recording the following information about each search:

1. Name, age and grade of student searched

2. Reasons for the search

Continued
SUBJECT: WESTHILL CENTRAL SCHOOL CODE OF CONDUCT

3. Name of any informant(s)

4. Purpose of search (i.e. - what item(s) were being sought)

5. Type and scope of search

6. Person conducting search and his or her title and position

7. Witnesses, if any, to the search

8. Time and location of search

9. Results of search (i.e. - what items(s) were found)

10. Disposition of items found

11. Time, manner and results of parental notification

The Principal shall be responsible for the custody, control and disposition of any illegal or dangerous item taken from a student. The Principal shall retain control of the items, unless the items are turned over to the police. The Principal shall be responsible for personally delivering dangerous or illegal items to police authorities.

C. POLICE INVOLVEMENT IN SEARCHES AND INTERROGATIONS OF STUDENTS

Westhill Central School officials are committed to cooperating with police officials and other law enforcement authorities to maintain a safe school environment. Police officials, however, have limited authority to interview or search students in Westhill Central School buildings or at Westhill Central School functions, or to use our facilities in connection with police work. Police officials may enter Westhill Central School property or a Westhill Central School function to question or search a student or to conduct a formal investigation involving students only if they have:

Continued
SUBJECT: WESTHILL CENTRAL SCHOOL CODE OF CONDUCT

1. A search or arrest warrant
2. Probable cause to believe a crime has been committed on Westhill Central School property or at a school function, or
3. Been invited by Westhill Central School officials to investigate unlawful conduct that occurred or is believed to have occurred, or is still occurring, on school property or at a school function.

Before police officials are permitted to question or search any student, the building principal shall first try to notify the student's parent to give the parent the opportunity to be present during the police questioning or search. If the student's parent cannot be contacted prior to the police questioning or search, the parent shall be informed of the questioning or search, in writing, by the Principal as soon thereafter as possible. The Principal will also be present during any police questioning or search of a student on Westhill Central School property or at a Westhill Central School function.

Students who are questioned by police officials on Westhill Central School property or at a Westhill Central School function will be afforded the same rights they have outside the school. This means, that if in the professional judgment and training of law enforcement officials, students would be entitled to notification of their rights under applicable law, then they shall be notified of these rights, including, but not limited to:

1. The right to remain silent if they so desire
2. The right to request the presence of an attorney.

D. CHILD PROTECTIVE INVESTIGATIONS

Consistent with the district's commitment to keep students safe from harm and the obligation of Westhill Central School officials to report to child protective services when they have reasonable cause to suspect that a student has been abused or maltreated, the district will cooperate with local child protective services workers who wish to conduct interviews of students on Westhill Central School property relating to allegations of suspected child abuse, and/or neglect, or custody investigations.

Continued
SUBJECT: WESTHILL CENTRAL SCHOOL CODE OF CONDUCT

All requests by child protective services to interview a student on school property shall be made directly to a building administrator. The administrator shall set the time and place of the interview. The Principal shall decide if it is necessary and appropriate for a Westhill Central School official to be present during the interview, depending on the age of the student being interviewed and the nature of the allegations. If the nature of the allegations is such that it may be necessary for the student to remove any of his or her clothing in order for the child protective services worker to verify the allegations, the nurse or other Westhill Central School medical personnel (whenever possible of the same sex as the student) must be present during that portion of the interview.

A child protective services worker may not remove a student from Westhill Central School property without a court order, unless the worker has probable cause to believe that the student would be subject to imminent danger of abuse if he or she were not removed from Westhill Central School property before a court order could reasonably be obtained.

XIV. VISITORS TO THE SCHOOLS

Since schools are a place of work and learning, certain limits must be set for visits by parents and other district citizens. The Building Principal is responsible for all persons in the building and on the grounds. For these reasons, the following rules apply to visitors to Westhill Central School property:

1. Anyone who is not a regular staff member or student of the school or program will be considered a "visitor”.

2. All visitors to any Westhill Central School facility must report to the office of the Principal upon arrival at the school. There they will be required to sign the visitors register and will be issued a visitor's identification badge, which must be worn at all times while in the school or on school grounds. The visitor must return the identification badge to the appropriate office before leaving the building.

3. Visitors attending Westhill Central School functions that are open to the public, such as parent-teacher organization meetings or public gatherings, are not required to register.
4. Parents or citizens who wish to observe a classroom while school is in session are required to arrange such visits in advance with the classroom teacher(s), so that class disruption is kept to a minimum.

5. Teachers are expected not to take class time to discuss individual matters with visitors.

6. Any unauthorized person on school property will be reported to a building administrator.

7. Unauthorized persons will be asked to leave. The police may be called if the situation so warrants.

8. All visitors are expected to abide by the rules for public conduct on Westhill Central School property as contained in this code of conduct.

XV. PUBLIC CONDUCT ON SCHOOL PROPERTY

The Westhill Central School district is committed to providing an orderly, respectful environment that is conducive to learning. To create and maintain this kind of an environment, it is necessary to regulate public conduct on Westhill Central School property and at Westhill Central School functions.

The restrictions on public conduct on Westhill Central School property and at Westhill Central School functions contained in this code are not intended to limit freedom of speech or peaceful assembly. Westhill Central School recognizes that free inquiry and free expression are indispensable to the objectives of the district. The purpose of this code is to maintain public order and prevent abuse of the rights of others.

A. PROHIBITED CONDUCT

No person, either alone or with others, shall:

1. Intentionally injure any person or threaten to do so.

2. Intentionally damage or remove district property.

SUBJECT: WESTHILL CENTRAL SCHOOL CODE OF CONDUCT

3. Disrupt the orderly conduct of classes, Westhill Central School programs or other Westhill Central School activities.

4. Distribute materials without the permission of the Superintendent or Superintendent’s designee, or wear articles on Westhill Central School grounds or at Westhill Central School functions that are obscene, lewd, vulgar, patently offensive, advocate illegal action, libelous, or materially and substantially disruptive to the work and discipline of the school.

5. Intimidate, harass, or discriminate against any person based on a person’s actual or perceived race, color, weight, national origin, ethnic group, religion, religious practice, disability, sexual orientation, gender or sex.

6. Enter any portion of the Westhill Central School premises without authorization or remain in any building or facility after it is normally closed.

7. Obstruct the free movement of any person in any place to which this code applies.

8. Violate the traffic laws, parking regulations or other restrictions on vehicles.

9. Possess, consume, sell, distribute or exchange alcoholic beverages, controlled substances, or be under the influence of either on Westhill Central School property or at a Westhill Central School function.

10. Possess or use firearms or other weapons (see definition of a "weapon" in section II of this code) in or on school property or at a school function, except in the case of law enforcement officers or except as specifically authorized by the Westhill Central School district.

11. Loiter on or about Westhill Central School property.

SUBJECT: WESTHILL CENTRAL SCHOOL CODE OF CONDUCT

12. Gamble on Westhill Central School property or at Westhill Central School functions except as authorized by law and Board policy.

13. Refuse to comply with any lawful order of identifiable Westhill Central School district officials performing their duties.

14. Willfully incite others to commit any of the acts prohibited by this code.

15. Violate any federal or state statute, local ordinance or Board policy while on Westhill Central School property or while at a Westhill Central School function.

B. PENALTIES

Persons who violate this code shall be subject to the following penalties

1. Visitors - Their authorization, if any, to remain on Westhill Central School grounds or at the Westhill Central School function shall be withdrawn and they shall be directed to leave the premises. If they refuse to leave, they shall be subject to ejection. If necessary, law enforcement officials may be called to assist in this ejection. In addition, visitation privileges may be suspended or revoked.

2. Students - They shall be subject to immediate ejection and to disciplinary action as the facts may warrant, as outlined in section VI of this code of conduct and in accordance with the due process of law requirements.

5. Staff members other than those described in subdivisions 3 and 4 - They shall be subject to immediate ejection and to warning, reprimand, suspension or dismissal as the facts may warrant in accordance with any legal rights they may have.

C. ENFORCEMENT

The Superintendent shall be responsible for enforcing the conduct required by this code. The Superintendent may designate the other Westhill Central School district staff who are authorized to take action consistent with the code.

When the Superintendent or his/her designee(s) sees an individual engaged in prohibited conduct, which in his or her judgment does not pose any immediate threat of injury to persons or property, the designated school official shall tell the individual that the conduct is prohibited, and attempt to persuade the individual to stop. The school official shall also warn the individual of the consequences for failing to stop. If the person refuses to stop engaging in the prohibited conduct, or if the person's conduct poses an immediate threat of injury to persons or property, the designated school official shall have the individual removed immediately from Westhill Central School property or the Westhill Central School function. If necessary, local law enforcement authorities will be contacted to assist in removing the person.

The Westhill Central School district shall initiate disciplinary action against any student or staff member, as appropriate, according to the "Penalties" section above. In addition, the district reserves its right to pursue a civil or criminal legal action against any person violating the code.

XVI. PUBLICATION, DISTRIBUTION AND REVIEW

The Board will work to ensure that the community is aware of this code of conduct by:

1. Providing copies of a summary of the code in an age-appropriate, plain-language version, to all students at a general school assembly held at the beginning of each academic year.

2. Providing a summary of the code of conduct written in plain language to all parents of district students before the beginning of the academic year and making this summary available later upon request.

3. Providing all current teachers and other staff members with a copy of the code and a copy of any amendments to the code as soon as practicable after adoption.

4. Providing all new employees with a copy of the current code of conduct when they are first hired.

5. Making copies of the code available for review by students, parents and other community members.

On an annual basis, the code of conduct will be publicized and explained to all students and distributed, in writing, to parents and guardians of students. A copy of the code will be filed in each school building, where it will be available for review by any individual.

The Board will sponsor an in-service education program for all Westhill Central School district staff members to ensure the effective implementation of the code of conduct. The Superintendent may solicit the recommendations of the district staff, particularly teachers and administrators, regarding in-service programs pertaining to the management and discipline of students.

The Board of Education will review this code of conduct every year and update it as necessary. In conducting the review, the Board will consider how effective the code's provisions have been and whether the code has been applied fairly and consistently.
