SUBJECT: USE OF ASSISTANCE ANIMALS

The District recognizes the importance of service animals and affirms its commitment to allowing the use of these animals by individuals with disabilities on school grounds to facilitate their full participation in and equal access to District services, programs, and activities. Service animals are distinguished from emotional support, therapy, comfort, or companion animals. The District will comply with all applicable federal and state laws and regulations related to service animals.

Service Animals

A service animal is defined as any dog that is individually trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual, or other mental disability. Other species of animals, whether wild or domestic, trained or untrained, are not service animals.

The work or tasks performed by a service animal must be directly related to the individual's disability. The crime deterrent effects of an animal's presence and the provision of emotional support, well-being, comfort, or companionship do not constitute work or tasks for the purposes of this definition. Psychiatric service animals that have been trained to take a specific action to help avoid an anxiety attack or to reduce its effects, however, may qualify as a service animal.

The Superintendent or designee may create procedures, regulations, and/or building-specific rules regarding the use of service animals on school grounds by individuals with disabilities.
